

Become a School Governor

Our lovely village primary school, Poppleton Ousebank Primary School is looking for more school governors. If you have some time available and would like to give something back to your local community, why not consider taking on a school governor role. The school is particularly keen to recruit anyone who has previously worked in education.

Due to the composition of the governing body, we are not looking to appoint parents or carers of current pupils but would welcome individuals with an interest in contributing to the school.

Poppleton Ousebank is a member of the Hope Sentamu Learning Trust which is a multi-academy trust covering 14 schools across York, Hull, and North Yorkshire. As a local governor for Poppleton Ousebank Primary School, your primary responsibilities would be:

- 1.** Ensuring the clarity of vision and ethos for the school;
- 2.** Holding the Principal to account for the educational performance of the school and its pupils, and acting as a critical friend; and
- 3.** Overseeing value for money with respect to specific funding areas.

Governors serve a four year term and any appointments will need to be approved by the Board of Trustees of the Hope Sentamu Learning Trust. This is a great opportunity to work with our village school and contribute to Poppleton.

Please contact Alex Johnson on chair@pop.hslt.academy for an informal discussion or more information about the role or hello@hslt.academy if you would like an application form.
